

YOHANNES GETACHEW

UI/UX DESIGNER

PERSONAL PROFILE

I am a skilled designer and software engineer with expertise in both designing and front-end development. I have experience creating effective and intuitive user experiences, and I am confident in my ability to deliver exceptional results.

With a passion for creating visually appealing and functional interfaces, I am constantly seeking to improve my skills and stay up-to-date with the latest design trends.

EDUCATION

2019 - Now

Software Engineering

AddisAbaba AndScience
AndTechnology University

I am a 3rd-year software engineering student at Addis Ababa Science and Technology University. I am passionate about developing innovative software solutions and am constantly seeking to expand my knowledge and skills through coursework and personal projects.

09. OOP AND DESIGN

10. CSS FRAMEWORKS

WORK EXPERIENCE

2019 - 2020

Cs 50 Introduction To Programming

Harvard

I have completed the CS50: Introduction to Computer Science course offered by Harvard University online. This course provided me with a solid foundation in computer science fundamentals, including programming in C, Python, and JavaScript, data structures, algorithms, and web development. The course was challenging but highly rewarding, and I gained valuable experience working on projects and assignments that allowed me to apply my knowledge in practical ways. Overall, the CS50 course has helped me develop my skills and knowledge in computer science and is a valuable addition to my educational background.

2016 - 2019

Angular for Front End Engineers

Codio

I have completed the "Angular for Front End Engineers" course offered by Codio, achieving a grade of 100%. The course provided me with skills and knowledge in Angular, a popular front-end development framework, and is a valuable addition to my educational background.

[Certificate](#)

2013 - 2016

React js Framework

Coursera

I have completed the "Build Your First React Website" course offered by the Coursera Project Network, achieving a grade of 80%. The course provided me with skills and knowledge in React, a popular JavaScript library for building user interfaces, and allowed me to gain hands-on experience building a React website. This certification is a valuable addition to my educational background and demonstrates my proficiency in React development.

2019 - Now

Courses And Projectworks

Coursera

I have completed several UX/UI design courses and projects through Coursera Project Network, gaining hands-on experience in portfolio creation, web design, website development, logo creation, prototyping, and app design.

WORK EXPERIENCE

2022

Frontend Developer Intern

Perago Information
Systems

I have experience working as a front-end developer at Perago, where I collaborated with designers and back-end developers to create responsive and user-friendly web applications.

2019 - Now

UX-Ui Designer And Researcher

Startup Company

I have extensive experience as a researcher and UX/UI designer at a startup company. In this role, I have conducted numerous user research studies, analyzed data, and designed interfaces for web and mobile applications. I have collaborated with cross-functional teams to identify user needs and design solutions that align with business objectives.

2019 - Now

Junior UX-Ui Designer

AddisAbaba AndScience
AndTechnology University

As a UX/UI designer, I have gained experience working on various college projects, including university club designs and subject project assignments. Through these projects, I have honed my skills in user research, information architecture, wireframing, prototyping, and visual design.
